

## **Student Essay**

In your own words, please write a one-page essay in English all about you (less than 500 words). We are not looking for a perfect essay. We simply are looking to get to know you better and assess your current writing ability. Therefore, a translating tool is NOT needed.

In your essay, please include:

- Information about yourself and your interests
- Where you are from and what it is like in your home country
- Information about your family
- What a typical day in your life in your home country is like
- Information about your school and what it is like to study there
- What interests you about studying in the United States
- Your previous experience traveling outside of your home country
- Anything else you would like to share about yourself!
